

## *Ettalong Markets stall & space leasing profile*

Casual or permanent shop leasing is a great way to increase business, generate sales, give awareness to new customers and to trial new products and services. Ettalong Markets has a large range of different shops for lease offering maximum exposure to promote and build your business.

Situated in a modern, alfresco themed, neutral environment right across the road from Ettalong Beach. Here at Ettalong Markets we provide a relaxed yet vibrant domain in which individual traders can sell their items and goods in a friendly and pleasant manner. We like to make everybody feel comfortable and ensure everyone is treated with equal respect. It is necessary, however to have certain rules in place to provide fairness and consideration to all.

This is a great opportunity for new or existing business owners to obtain a regular and continuously growing clientele with over 700,000 visitors per year and to also join our many current onsite traders.

Overall our main goal is for all of our patrons and guests to have an enjoyable and relaxed, exciting day out.
